Introduction

Montreal Management Consultants Est. (MMCE) is a dynamic firm that, since 1989, has provided outstanding and exceptional professional services to applicants for immigration to Canada and the USA, and economic citizenship of Dominica and St Kitts and Nevis.

We aim to be the leader in the industry by providing our clientele with the best information, recommendations and assistance. We take pride in our expert immigration lawyers and employees who are highly experienced in the field and who share our values of diversity, integrity, honesty, teamwork, growth and perfection.

We are proud to say that the continuous growth of our business is a result of referrals from satisfied clients.

MMCE is a member of the Immigration Consultants of Canada Regulatory Council (ICCRC) and Québecois des Consultants en Immigration.

In 2011, we launched immigration consultancy services to the United States of America under the EB-5 Investment program. We also launched economic citizenship services in relation to Dominica and St Kitts and Nevis, which allows foreign nationals to become a citizen of a participating country through a government sponsored investment program.

Today, MMCE provides a wide array of visa and citizenship services to our valued clients according to their qualifications and needs.

United States EB-5 Investor Visa

What is the EB-5 investor visa?

- The EB-5 program was initiated in the 1990 by the US government and it has improved many underdeveloped and unemployment areas in the country. In 2003, the US government licensed the EB-5 projects under the Regional Centers to raise capital from many countries all over the world
- Every year, the US government grants 10,000 EB-5 visas for foreign investors and their family members, 3,000 of which are indirect investment through the Regional Centers (with an investment of US\$500,000/petition) the rest is direct investment (US\$1 million/petition)
- With the indirect investment, the investors will be paid back in cash or shares with annual interest
- It takes up to two years to process and obtain EB-5 green cards
- After two years of holding conditional green cards, we will file Form I-829 with US Citizenship & Immigration Services USCIS) for EB-5 investors to change to permanent green cards

Eligibility Requirements

In order to become approved for an EB-5 investor visa, you need to meet specific requirements, as outlined by the US government in the Immigrant Investor Program Act of 1990. Some of the basic requirements of this program are that you invest:

- Minimum of \$500,000 that will be returned to you after five years
- Provide a legal investment source
- Prove a minimum family net worth of at least \$1 million; or \$200,000 in annual income;
- Or combined spousal income of at least \$300,000 annually
- Florida Public Charter School EB-5 Investment

EB-5 Investors

- All investors should have the financial capacity and desire to become US permanent residents/citizens
- No age limit
- No foreign language requirement
- No requirement to have own business or managing experience
- Investors are not required to manage their investment on a daily basis

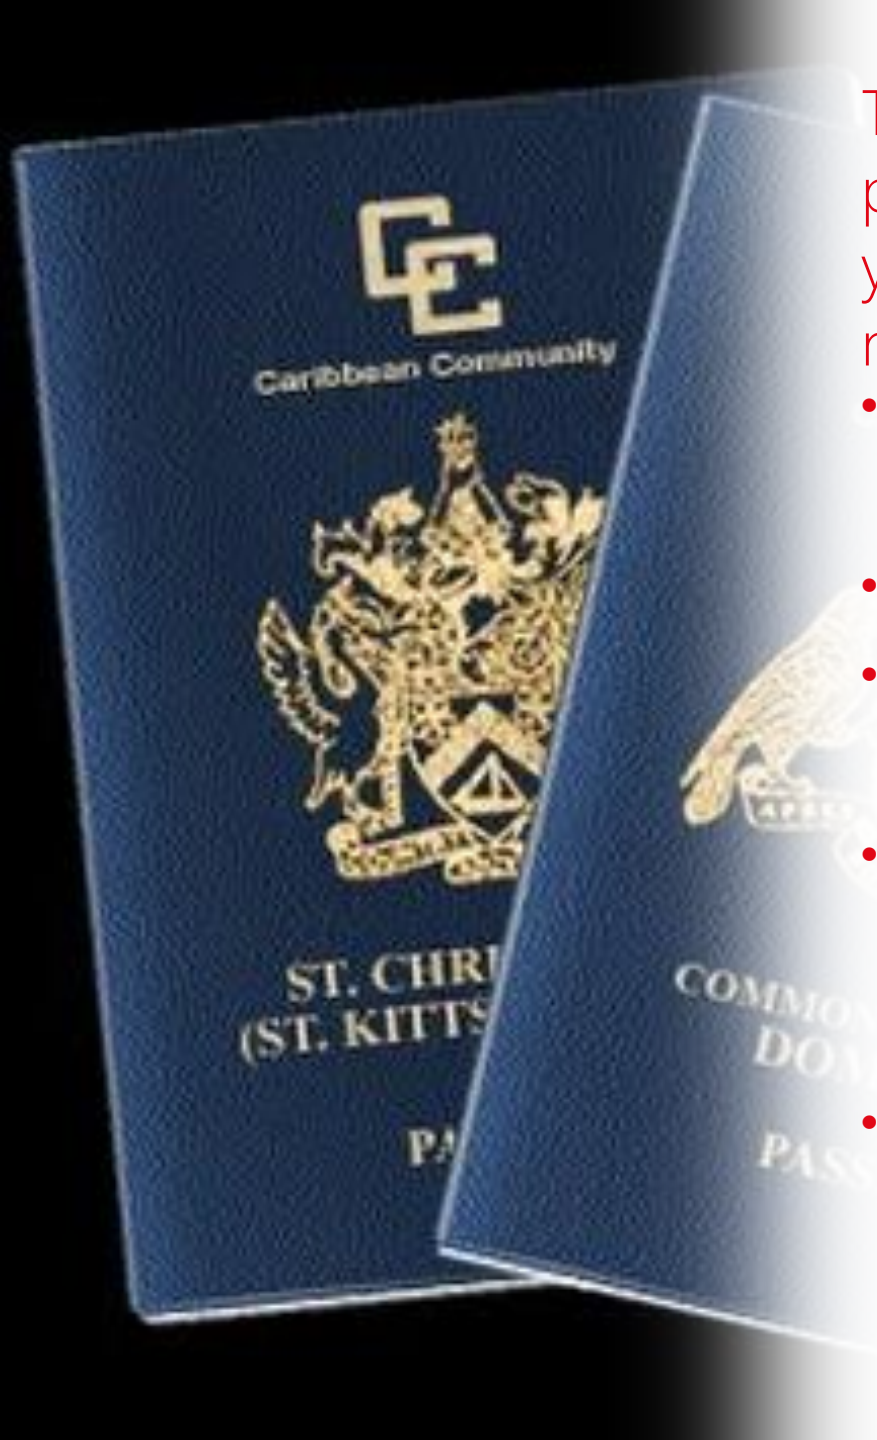

St Kitts and Nevis Citizenship by Investment Program

With the citizenship program of St Kitts and Nevis you are eligible to apply for and obtain second citizenship and passport without any preceding permanent residence requirement

You may choose in between investing in real estate or making a cash donation. The real estate option requires you to acquire a piece of property to use for living or renting, and at the same time qualifies you for citizenship.

The St Kitts and Nevis program requires a minimum of US\$200,000 in donation (single option) or US\$350,000 in investments and takes three to five months to process.

The citizenship-by-investment program of St Kitts and Nevis gives you many advantages including but not limited to:

- You may permanently live in St Kitts and Nevis, if you want so. There are no taxes on personal income, capital gains, gift, wealth and inheritance.
- No need to renounce your current citizenship.
- Visa-free travel to many countries. Where a visa is required, you can normally obtain it with minimum formalities.
- Being a citizen of St Kitts and Nevis, you may get a residence permit in many countries, probably with fewer formalities than with your current citizenship. You also have certain privileges for living and working in Caribbean Community (CARICOM) member countries.
- The citizenship program of St Kitts and Nevis is a legal program based on the law. Citizenship is granted for your lifetime and may not be revoked, regardless of changes in the government and/or policy.

“Citizenship for all eligible family members

Citizenships and passports will be issued to the applicant and all eligible family members, and may be easily renewed.

“Citizenship for Life

Citizenship for life, for applicant and all eligible family members.

“Dual Citizenship

Dual citizenship is permitted, without the requirement to notify the applicant's home country, and without any need for the applicant to reside in St Kitts and Nevis.

Dominica Citizenship by Investment Program

The Commonwealth of Dominica (which is different from the Dominican Republic) is one of the most beautiful islands in the Caribbean Sea, situated midway between Guadeloupe and Martinique in the Lesser Antilles.

Advantages:

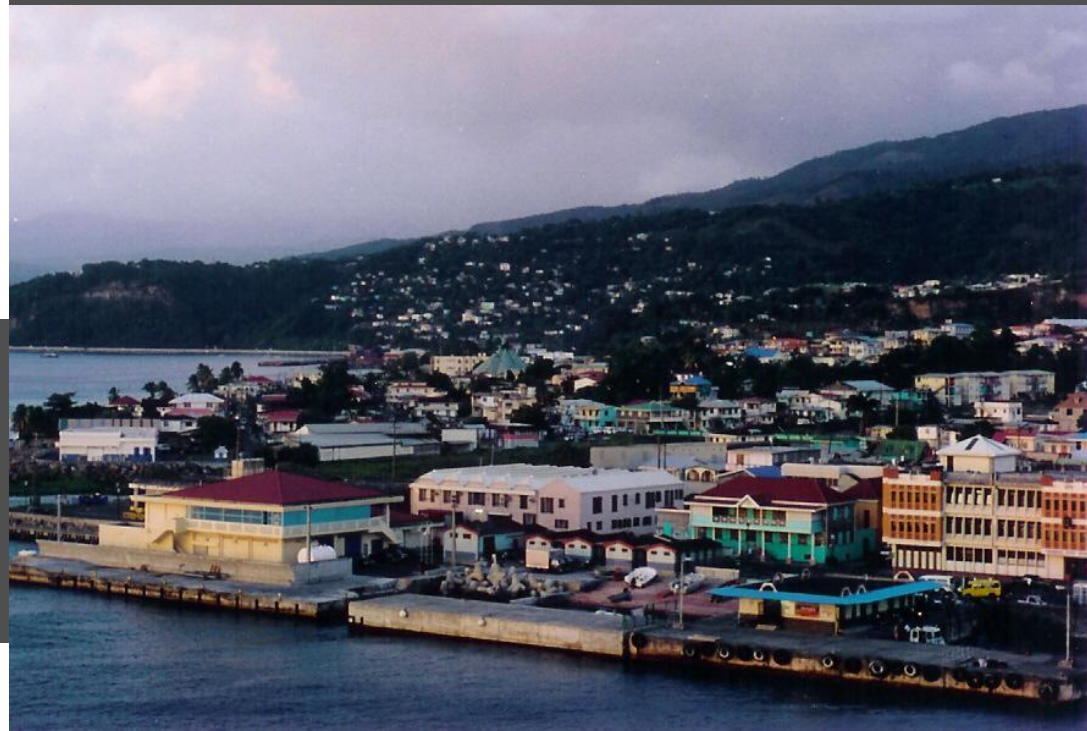

- Citizenship for life
- Dominica recognizes dual citizenship, so there is no need to renounce your other citizenship
- You are not required to reside in Dominica to maintain your citizenship
- Visa-free travel to more than 100 countries around the world including the European Union countries.
- Great privacy and asset protection
- As a Commonwealth citizen, after graduation, you have the privilege to study and work in the UK
- No restrictions on doing business globally, including doing business in the United States

Dominica recognizes dual citizenship, and you are not required to renounce your other citizenships. Besides that, Dominica does not notify authorities of your country of residence or citizenship on your Dominican citizenship.

You are not required to reside in Dominica to keep your citizenship.

It's safe for traveling. The country has a good international image and being a Dominican excludes a number of possible travel problems by definition.

- A Dominican passport allows visa-free international travel to more than 100 countries and territories where no visa required at all, or you easily get a visa upon arrival. And for those countries where a visa is still required, you normally can obtain it with minimum formalities within a couple of days.
- You can also extend your visa-free access by obtaining a residence permit in an appropriate country, for example, if you obtain a residence permit in Canada, you will be able to travel to the United States. A residence permit in one of the Schengen states gives you a visa-free access to any European country.
- You get virtually the same rights as if you were born in Dominica, i.e. you can vote, purchase property, live and work in Dominica, if you wish. You enjoy a tax-free status on capital gains, gift, wealth and inheritance tax. Your worldwide income is liable to taxation in Dominica only if you reside there.

You are granted citizenship for life and it is not revocable. Issued passports are valid for ten years. Passports for children under 16 years old are issued for five years. Expired passports or those with no free visa pages left can be easily renewed for a small fee at the immigration and passport office in Dominica or at any Dominican consulate. We will assist you to renew your passports with no need to travel personally to Dominica or its consulates.

Dominican citizenship is the most affordable option and quicker to obtain. It requires a US\$75,000 donation for a single option and US\$100,000 for a family option, and normally takes two to three months. By way of comparison, the St Kitts and Nevis program requires a minimum of US\$200,000 in donation (single option) or US\$350,000 in investments and takes three to five months to process.

With the Dominica program, you don't need to make a monetary donation in advance. You deposit money in the governmental escrow bank account and if your application is rejected, you will receive your money back.
