

# Gaming & Hospitality Practice

At Marcum LLP, we understand the specialized accounting, advisory and tax needs of the gaming and hospitality industry. Our highly skilled professionals have years of experience working with casinos, resorts, tribal authorities, race tracks and state lotteries. In fact, our Gaming & Hospitality Practice was formed specifically to address the unique and complex needs faced by our clients who operate or service clients in this sector.

Marcum is one of the largest public accounting and advisory firms in the nation. Ranked 15th among the country's top firms by *Inside Public Accounting*, we offer the resources of more than 950 professionals at 15 offices strategically located in major business markets. We understand the unprecedented challenges and opportunities faced every day by our clients. And while our business has grown significantly over the years, we have never lost sight of the commitment to exceptional client service, value, integrity and excellence that have earned us recognition as a leader in our field.
